

## CAREER GROWTH WITH AGILE PEOPLE STRATEGIES

### INTRODUCTION

This course is for loyal yet lost learners, those who crave to stand out but lack clear direction. More than just learning to speak well, it's about finding your voice, telling your story, and making people listen. From navigating interviews to using AI with integrity, every module is built to help you grow without losing who you are. Step into a journey where communication becomes confidence and confidence becomes your career foundation.

### Module 1: Speak Your Truth, Soulful Communication Begins

This module helps you identify and overcome the inner blocks that silence your voice like fear, doubt, or overthinking. You'll learn that great communication isn't about flawless grammar, but about expressing your truth with honest energy. Through body language awareness and daily rituals, you'll start building real, confident presence before you even speak.

### Module 2: Presence Over Performance, Speaking Without Panic

Stage fright is normal, but it doesn't have to stop you. In this module, you'll master the 4 Ps of impactful speaking: Pace, Pause, Pitch, and Posture. Breathwork and simple mirror practices will help ground your energy and build comfort in both personal and public settings.

### Module 3: Crafting Your Story, The Power of You

Learn how to share your personal story in a way that feels real and compelling whether in interviews, SOPs, or everyday conversations. You'll explore your journey through the lens of Origin, Struggle, and Breakthrough. This storytelling practice becomes a powerful tool for connection and clarity.

## **Module 4: Present with Soul, Go Beyond PowerPoint**

Ditch boring, text-heavy slides and embrace the power of visual storytelling. This module teaches you how to design and deliver presentations that are clear, creative, and memorable. Whether you're online or offline, you'll gain the confidence to present with impact and authenticity.

## **Module 5: Your Inner Compass, Careers That Align with YOU**

This module helps you explore what truly matters to you, your values, boundaries, and ideal work environments. You'll reflect on what inspires or drains you, so you can make more aligned career choices. Clear, confident conversations about values become your compass in professional decisions.

## **Module 6: Building Brand You, Your Digital Story**

You already have a personal brand, this module teaches you how to shape it intentionally. Learn to optimize your LinkedIn profile, clean up your digital footprint, and highlight your strengths authentically. Discover your Unique Value Proposition (UVP) and begin expressing it online with clarity and confidence.

## **Module 7: Speak for Impact, GDs, Interviews & Beyond**

Here, you'll decode the formats of group discussions, interviews, and tough Q&A situations. Learn how to stay grounded, express yourself clearly, and respond without sounding rehearsed. With structured techniques like STAR and emotional intelligence cues, you'll stand out naturally, without bragging.

## **Module 8: AI + Integrity, Tools with a Conscience**

Explore powerful AI tools that can assist with resumes, interview prep, and productivity. But more importantly, learn how to use them ethically, staying true to your voice and values. This module helps you avoid harmful shortcuts and build a reputation rooted in trust and accountability.

## **Module 9: The Soulwork Showcase, Be Seen, Be Remembered**

The final module brings everything together in a 2-minute soul-powered pitch. You'll present your story, presence, and purpose in front of a supportive group, receiving meaningful feedback. It's not just a presentation, it's a celebration of who you've become in this journey.

## **Career Scope of Learning This Course**

This course builds essential skills for career success, clear communication, confident presence, personal branding, and ethical use of AI. Learners will be better prepared for interviews, group discussions, and digital networking. It opens up opportunities in fields like communications, HR, training, and social impact. Most importantly, it helps individuals stand out by aligning career choices with clarity, confidence, and core values.

## **Salary Package After Learning the Course**

Learners who complete this course often pursue roles in communication, HR, branding, training, and content strategy. Entry-level positions in these fields typically offer salaries ranging from ₹3.5 to ₹6 LPA, depending on the industry and skill level. With experience and a strong digital presence, professionals can grow into roles earning ₹8 to ₹15 LPA or more. This course equips learners with a competitive edge to earn with clarity, confidence, and credibility in both corporate and creative domains.
